MAKING IT UP AS ONE GOES ALONG

MAKING IT UP AS ONE GOES ALONG

Words are just words that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of satya-advaita yoga, one necessarily makes up new words as one goes along or adapt old words to meet a particular requirement of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 24 years. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed those in the 13 Books that I have written in the Series under the theme, 'The Allurement of Reality'. But I hope that now such clarifications would be necessary or me be called upon to answer. I wish to let my books do the talking. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words Samadhi and Mahasamadhi. I wish to make it clear at this point in time. For me Samadhi started on completion of my Book Truth-accommodation (Satya-advaita) and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to

be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it is today. I had tried to consider numerous times during these years that I had had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not what there is to Realise. It had to be awaited with patience. And I formulated a plan of self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best bhakti that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the past 15 months or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as sanatan dharma, that is to say karma in sanatan dharma.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I am writing this account at 10.37 am on the 12 of October 2021.

Transcript of a Video Update
in General Discussion

Hello there everyone. This is Shantanu Panigrahi here. Today is the 11th of November 2021. The time is 13.37 pm here in the United Kingdom.

I am having a bit of a review because all my tasks are over. I have completed my studies and researches into the nature of Reality and have managed to navigate myself through that reality which I describe as being Brahma-Nature composed of sattvic, rajasic and tamasic guna interactions. It has taken me 24 years to fathom it all out and there has been terrible tussles with the State of the United Kingdom to let me pass my way through that so that I could study humanity and I could study Humanology and derive my own conclusions on what is existence for mankind. I have written 20 books of which some are just booklets or pamphlets whereas others are quite detailed accounts of all my studies and communications with various people over these 20 odd years, and these are all available if anybody would like to visit my website at the allurementofrealityinreview.com/shop, they are free to do so and purchase a copy of any of these materials that they would like. If you are a Member you can make a small donation and that would let me send you a copy of the particular material directly to you by email.

So I have survived great odds over the past 24 years. I was not mentally ill but I had a deep compulsion to seek the truth and the truth was something that was sparked by awakenings in me through utterances and writings that I was doing while I was in the University of Greenwich which got me to a state that I virtually abandoned my scientific career and move on to find out whether there is a God or not who was the Higher Entity within my mind and body that was getting me to doing certain things. And the certain things were quite specific, and they were on reflection the Sudharshan Chakra of Sri Krishna because today I am at a point of total liberty, discharged by the mental health authorities after numerous years of having been kept in mental hospital on two occasions and kept in the Care in the Community provisions since 2008. I was discharged from all mental health monitoring and surveillance back to the GP Service although I am still taking my medications of risperidone, sertraline and depakote antipsychotic, antidepressant and moodstabilising agents as a precautionary measure from the point of view of the GP Surgery and my wife so that from what they consider to be the reality they do not want me to slide into paranoid schizophrenia and persistent delusional order or autism no matter how much I try to convince them that this is not going to happen because I am totally normal in total peace of mind and am looking forward to the rest of my life.

So in that way I believe in the review of what is sanatana dharma, that sanatana dharma is a real dharma and it is the eternal law of the universe. I worshipped Sri Krishna as God and with various techniques that I used that I described as being satya-advaita yoga to determine exactly what God has in store for me. And that led me to using a clock-checking mechanism because I wanted direct question and answer sessions with God. And they were productive in the early days, but they became haphazard later on and finally I took leave of God to find out my own path into my research. And this led to various techniques that I used to home in at Brahmo-advaita Vedanta, but that did not satisfy me because I was just reaching Brahman as Self or Consciousness. Brahman-Self was not realised by me as a real state of mind, and I then had to live my life in karma in Sanatan dharma yet again to discover what is the right duties and responsibilities of a citizen as a family member and as a person in global humanity in what he should spend his time on. I constructed the Conservative Libertarian Society as a global movement to set out the views of what Climate Change means to me in that it needs to incorporate the human dimension with the environmental and natural environment, all to be

preserved as one in a holistic manner so that one part of it affects another part of it in deriving policies in politics that lead to a better world and lead in a comprehensive manner that will preserve the Environment and nurture the environment for it to be able to generate foods and services for us to live in.

Of course, that means that I am totally peaceful person, I would not harm even a tiny insect, I do not harm a bacteria or virus. I am not going to take the booster jab for coronavirus unless it becomes mandatory. I took two shots of the AstroZeneca virus jab, and I got pain in my arm from that from what I could make out. So, I do not destroy even a bacteria or a virus. It is really against my innate nature to do so. They are all part of the environment. The Gaia hypothesis says that we are in a wholesome Nature where each part of it is inter-related to another part in the ecology of the Earth-Atmosphere system and that includes all the gases that ever erupted out of the volcanoes to create the environment, and all the carbon dioxide, oxygen and nitrogen, the way they came about and what happened since in the creation of fossil fuels and such things that we are trying to reverse now in a very speedy manner that the Climate is not able to sustain without severe repercussions. My firm belief is that the Earth-Atmosphere system is a Gaia mechanism, and it will take its course if we humans do not do something to moderate our demands on Nature. So, I have said to the powers that be that we should curtail our demands and bring economic activity down to a lower level of expenditure for expenditures whether it is on coal or oil or uranium or solar power, or wind turbines, they are all expenditures in that they demand from Nature. They demand natural resources. And natural resources come from energy, energy comes from the environment. And it all gets used one way or the other. The only way forward is to reduce our demand so that we can find a sustainable manner of living as a global community where everything is in balance in Nature. Balance means total equilibrium. Economics is the key to it.

From globalisation of capital there is 400 trillion pounds in circulation in the world economy all available from past investments and past human activities that is always available for investment in the future. Some years ago, I had said to the authorities that all the extra money should be converted into gold and buried deep in the underground for future generations or for never to be used again. And that was the only way we could bring a halt to the rampant usage of natural resources to protect the environment that causes Climate Change and global warming. And this remains my philosophy right now in the Conservative Libertarian Society that I am the only member of right now; and actually, I do not mind that because my job is to raise the issues and create the environment; create the education that is needed for people to take account of in the future.

I am 65 years of age now and so I do not have much longer to live. So I do not wish to become active in any activism sense other than just pour out my thoughts born of deep knowledge, the knowledge that I have accumulated by the fact that the United Kingdom has been a heaven-sent opportunity for me in having educated me from the age of 15 to 40 and since then using the facilities that I have had (computer) at home to investigate all aspects of life by quizzing, probing and exposing the truth of how we humans live. So, I am grateful to the United Kingdom as I have said in the past, and notwithstanding that I have said bad things to criminals for terrorising me incessantly to try and put a stop to my activities, when I used all kinds of bad names like madarchod, criminals, bastards, and other horrible names; they were instigating them to get me under attacks even more. But casting that aside I have said that I would never do anything to bite the hand that has fed me and my family for 48 years (my family for 35 years); and in that sense I am keeping quiet and waiting for my destiny.

This video is made on a day that I find myself in total liberty to generate food for thought to anyone who might be interested in my views and experiences.

Thank you

Dear HOC Petitions Committee

1. I will not bother Daneswari Kundeti again, as she is only a young girl making her way in life in a foreign country and has her reasons for not responding to my email below by re-signing it.

Accordingly this morning I have taken the following steps:

Thank you for this clarification of the due process in the assessment of the Petition.

I have just now spoken to Daneswari Kundeti face to face in the local shop that she works in, and she said to me that she is very convinced that she had completed the signature. However, she is from India on a student/work visa in the United Kingdom and is wondering if that qualifies as being resident in the United Kingdom to be able to sign the petition.

Dear Dr Panigrahi,

I have checked the signatures on your petition, and the signature of the person you have mentioned is not amongst them.

I have also checked the link that you sent, and it does work.

Once they have used the link, their signature should be verified.

I hope this is helpful.

In view of the confusion relating to the signing of the fifth registered signature of Daneswari Kundeti that I am in the process of investigating as the delay in entering the Petition into the queue is disconcerting to say the least, please note the following correspondence, and advise.

My petition:

Develop an official written Constitution in the United Kingdom for governance.

An unwritten Constitution foisted upon the people is wrong morally. A written Constitution is needed that outlines the relationships between the Head of State and Parliament at both Houses and in terms of their inter-connections with the Security Services, Judicial and other State institutions.

Unwritten Constitution makes a Monarchical Establishment to become secretly dictatorial and tyrannical to selected individuals and groups. With a written constitution people are fully informed on what to expect from the State and what is expected of them to the State. With a written Constitution people will be fully informed on who is in charge of procedures in Parliament, Mental Health Institutions, Security Services; and who a citizen can successfully prosecute in civil and criminal courts.

Sorry, I meant I am 67 years and a pensioner, but I keep busy understanding the reality of our existence to find a way to develop ourselves accordingly. I was interested in Politics just as a way of studying Humanity, but I would not get into UK Politics because it lacks democracy in the way I see it should be. TCLS stands for truth, justice and democracy the full form being The Conservative Libertarian Society as a Global movement. We know Personal God exists and we have allegiance to God in whatever work we do in our daily routines. This past week, I had the incredible opportunity to attend The Business Show at ExCeL London on the 13th and 14th of November — one of Europe's largest and most impactful business events.

Over the two days, I connected with a wide range of professionals, learned from thought leaders, and gained valuable insights into the UK market. The event was a fantastic platform for networking, discovering new trends, and understanding the latest strategies driving business success.

I walked away with not just new knowledge but also fresh perspectives and ideas that I'm excited to put into action. It was an inspiring experience, and I'm grateful for the chance to be part of such a dynamic community.

Looking forward to leveraging these insights as I continue my journey in the business world!

Shantanu Panigrahi (He/Him) 6:22 PM

It is not published as yet: Essentially however Quite a lot of people of the United Kingdom think that we should have a written Constitution so that people know where they stand, the relationships between institutions are known with clarity and there is greater transparency in government so that secretive administration is no longer possible. It will make everyone more accountable for their actions, so less corruption and promote greater democracy. This is the site you need to go to if you agree to these principles:

<https://petition.parliament.uk/petitions/700677/sponsors/new?token=kXqTG3pEemMKEpeiJwHJ>

If you require the letter sent to me by the House of Commons Petitions Committee staff on an elaboration of this, please let me know and I will send you a copy of it.

I have 26 websites charting my search for the truth in an exploration of Reality. but these are on going developments rather than a final definitive charter or policy statement. I am still studying what would work in the United Kingdom if we do not have a written Constitution. It is all so very complex. If the Liberal Democrats have me back, there would be no reason for the existence of TCLRP-UK, but the red line for me is that we in the United Kingdom must have a written Constitution if the present system of democracy is to be maintained. This question is vital to tackle corruption at the highest levels of the State. I sounded all the major parties: see here:

Hello Emeka again,

It was a rewarding exchange of views, and I am utterly pleased that you wish to be part of the The Conservative Libertarian Society at its offshoot, The Conservative Libertarian and Republican Party of the United Kingdom.

After some deliberation I am minded to test the waters by standing as a candidate at the next local council elections in my area as representing TCLRP-UK. But I have been a one-man band and despite searching with over 2400 LinkedIn connections, you are the first person who has voiced that we have common grounds and interests.

I have already had the Party partly registered with the Electoral Commission, but need minimum of 10 members to get final clearance from the Commission to contest elections. If you would consider giving me your email address, I can do this at the Membership link:

<https://app.joinit.com/o/vishista-advaita-sampradaya-tclstclrp-uk/>

If you also know of others interested in following this line of progression in democracy within the United Kingdom, kindly let them know what my present needs above are so that they can also add their names to the TCLRP-UK Team.

I am not trying to secure donations or membership fees at this time, and will simply add the names to the Membership website manually as long as they are also convinced.

Update:

At 8.23 pm, I suddenly with the silence around texted Jill Jesson on WhatsApp: 'Jill, for the avoidance of doubt which matter is closed, the appointment of 22 November 2 pm or the need to find another supporter for the Petition.

Jill did not reply.

I texted again at 8.42 pm: I fully accepted your explanation that you had a great hospital appointment in London today so the meeting can still take place unless you can refund the £60.

Still no reply came.

I texted again at 9.06 pm to Jill Jesson: 'So it has come to lying and deceiving to grab money and not provide any kind of psychotherapeutic service, is not that true?

She did not reply.

A text message came LinkedIn however:

When someone signs the Petition I immediately receive a notification from the Petitions Committee as to who signed it: Your name has not been sent to me as having signed the Petition.

Sign it again immediately to test whether the system is being criminally manipulated against the Petitioner for another of the signatory by the name of Daneswari Kundeti told me that she had signed the petition but I did not receive a notification of that one either. This matter is very serious and can be referred to the Police.

I have completed the petition but yet to send because I had to confirm from Home Office if I am eligible to get involved in civic activities as a foreigner and student visa holder. Whatever this is, calling me such derogatory names is completely out of character. So sorry Shantanu. I don't think I can't proceed with you on this. I value decorum and character above all things. I wish you well and farewell sir.

A visa is sufficient, The Committee has given me that in writing: shall I send you the email where it says that?

View Shantanu's profile Shantanu Panigrahi

Shantanu Panigrahi (He/Him) 9:55 PM

The Committee has written when I enquired on behalf of Daneswari Kundeti 'She is able to sign the petition, as she qualifies as a UK resident through her visa'.

21.57 pm (UK-Time) 15 November 2024

I had gone to the Membership website after the first two derogatory remarks I had passed on this person and cancelled his and Jill Jesson's memberships.

22.09 pm (UK-Time) 15 November 2024

Deleted the Forum Post Throwing down the gauntlet' as it can now be used against me and is past the point where I need it to be in Open forum so that this book will serve for Defence at a Hearing which will have to take place now in a Court of law; I am in an invincible position legally.

Hello Samad

1. There are some things that I need to bring to your attention first.
2. I never deal with someone out of the blue on sudden receipt of a proposed action as you have done. I need to get to know the person first with his/her full credentials. This is because I suspect that certain forces are intent on gaining access to my websites in order to try and destroy what I have. So first let me know who you are, with your full name, address, nationality, and qualifications.
3. The websites that I am most interested in promoting through improve SEO services are <http://vishistaadvaitavedanta.com> and <https://app.joinit.com/o/vishista-advaita-sampradaya-tclstclp-uk>. Which website/or websites were you referring to when you wrote that you have found errors that limit the search engines from finding them?
4. Thirdly, have you read this and what is your reply to it?
<https://www.knowledgeassessmentanddissemination.com/forum/main/comment/046a5065-1544-46d4-9ae3-8f110f39712d?postId=61655bca47938e00162102c7>
5. Fourthly, please bear with me for I am a psychiatric patient on mental health medications (risperidone, sertraline and depakote) from the Care in the Community Services of the National Health Service in the United Kingdom and seek psychotherapy but find it near impossible to obtain as the following correspondence would show:

At 8.23 pm, I suddenly with the silence around texted Jill Jesson on WhatsApp: 'Jill, for the avoidance of doubt which matter is closed, the appointment of 22 November 2 pm or the need to find another supporter for the Petition.

Jill did not reply.

I texted again at 8.42 pm: I fully accepted your explanation that you had a great hospital appointment in London today so the meeting can still take place unless you can refund the £60. Still no reply came.

I texted again at 9.06 pm to Jill Jesson: 'So it has come to lying and deceiving to grab money and not provide any kind of psychotherapeutic service, is not that true?

She did not reply.

6. I am expecting my 6 monthly review of mental state from Dr Oranusi of Britton House, Gillingham, Kent ME8 0SL and await the letter of appointment - I am therefore copying him into this correspondence.

7. I look forward to your reply to these queries and explanations.

Yours sincerely

I am very sorry for using those harsh words. You can I hope forgive me. It was totally unacceptable for me to accuse you of frustrating the progress of the Petition. I needed just one more signature for the Committee to consider whether it should be published for the whole country to think. If as I am sure you are interested in the welfare of the people of the United Kingdom (and beyond) we can keep in touch. If not I will delete you from my connections. Please let me know.

It is not published as yet: Essentially however Quite a lot of people of the United Kingdom think that we should have a written Constitution so that people know where they stand, the relationships between institutions are known with clarity and there is greater transparency in government so that secretive administration is no longer possible. It will make everyone more accountable for their actions, so less corruption and promote greater democracy. This is the site you need to go to if you agree to these principles:

My petition:

Develop an official written Constitution in the United Kingdom for governance.

An unwritten Constitution foisted upon the people is wrong morally. A written Constitution is needed that outlines the relationships between the Head of State and Parliament at both Houses and in terms of their inter-connections with the Security Services, Judicial and other State institutions.

Unwritten Constitution makes a Monarchical Establishment to become secretly dictatorial and tyrannical to selected individuals and groups. With a written constitution people are fully informed on what to expect from the State and what is expected of them to the State. With a written Constitution people will be fully informed on who is in charge of procedures in Parliament, Mental Health Institutions, Security Services; and who a citizen can successfully prosecute in civil and criminal courts.

 Dear Rupa

The Petition is as follows:

Quite a lot of people of the United Kingdom think that we should have a written Constitution so that people know where they stand, the relationships between institutions are known with clarity and there is greater transparency in government so that secretive administration is no longer possible. It will make everyone more accountable for their actions, so less corruption and promote greater democracy. This is the site you need to go to if you agree to these principles.
